

WHAT'S INCLUDED WITH PREMIUM RESIDENTIAL CLEANING ...

To ensure we can provide the most thorough clean possible, we kindly ask that homes be prepared according to our **Preparation Guidelines** before our arrival. These packages are designed for clients who have already decluttered and are ready for a deeper clean. While we guarantee a full clean for the quoted price, if we need to spend time tidying, decluttering, or clearing areas, this will impact our ability to complete all tasks within the expected timeframe and will void our guarantee. If you'd like assistance with preparation, consider booking our Pick Up & Decluttering Add-On or choose one of our **Housekeeping Packages** instead. For additional areas or rooms, please book an Add-On at checkout.
